TO THE WEST! TO THE WEST!

Before making your arrangements to follow the advice of the "thousands who have already gone," it would be well to consider what has been done to make the journey to your "Homes in the West" as pleasant and free from danger as human skill and foresight can accomplish.

By consolidation and construction, a road has been put into operation on the shortest possible line from Nashville, Tenn., to St. Louis, "the future great City of the world." This line, the

ST. LOUIS & SOUTHEASTERN RAILWAY,

has, during the past year, earned an enviable reputation by its smooth track, prompt time, sure connections, and the magnificence of its passenger equipment. Its trains are made up of new and commodious day cars, provided with the celebrated Miller coupler and platform, and the Westinghouse air-brake.

It is possitively the only line running Pullman Palace Drawing-Room Sleepin Cars through without change from Nashville to St. Louis. No other line pretend to offer such advantages, either in distance, time, or equipment. Why, then, journey by circuitous routes? Do not be induced to purchase tickets to St. Louis or the West by any other line, remember that

The "St. Louis & Southeastern" is the shortest, cheapest, quickest, best and only line under one management from Nashville to St. Louis, and is from 60 to 200 miles the shortest to St. Louis, Kansas City, Omaha, Denver, California, Texas, and all western points. It is also the "Chicago Shortest Line," via Evansville.

You can secure the cheapest rates for yourselves and your movables on application, in person or by letter, to CHARLES MCCABE, Southern Passenger Agent, near College street Depot, Nashville, Tenn., or to the undersigned.

"Cæsarism."

The New York *Herald* is still harping upon a third term for President Grant, with such persistency that many editors who had given the subject no particular attention, have, after reading these articles day after day, come to the conclusion that it would be a beneficial move, and are advocating it in their columns. This is the natural result of such constant and persistent labor as witnessed in the *Herald*. Ostensibly opposing this "third term principle," it is kept so constantly before the people that though at first condemning, they now look on passively, and eventually may advocate it. The *Herald* is also publishing "interviews" with prominent Southern politicians and public men, and giving us columns of their opinions in relation to political affairs, all of which only tend to strengthen the North in favor of the third term. It seems to us as though the aim of the *Herald's* labors was to prepare the way for the third term it so loudly pretends to condemn. The question is so premature, and there are so many prominent Republicans who are willing to serve their country in that capacity, that we do not consider President Grant's chances as brilliant for an election as some others, even though the third term bug-bear was out of the way. But as we say above, the question is premature.

The *Herald* got very wisely answered by General "Joe" Johnson the other day, when one of its correspondents sought to interview him. It would have been better for all concerned if Mr. Jeff Davis had set a similar example. The following is Gen. Johnson's letter as published in the *Herald:*

WHITE SULPHUR SPRINGS, August 26, 1873.

E. CUTHBER, Esq.:

Dear Sir—I have had the honor to receive the note of to-day, in which you ask me, on the part of the New York *Herald*, to reply to certain political questions.

It would give me pleasure to have the privilege of doing so, but not being a citizen of the United States I do not publish my political opinions.

Most respectfully yours,

J. E. JOHNSTON.

As a *news* paper, the *Herald* stands at the head of the profession, and its columns are eagerly examined by hundreds of thousands of readers every day in the year; but as a political guide or beacon to the people, it is as unreliable as a "will-o'-the-wisp," and does not pretend to advocate any party, platform or political system. Its articles, therefore, do not carry that weight they otherwise would. To be sure, some of the Southern country papers, in quoting these "Cæsarism" articles, have stated editorially that it is a "Radical" paper, but this it emphatically denies, and it certainly ought to know. Its managers ought to know their own business, but for the life of us we cannot see the use of harping upon this dull string and striving day after day to force it into prominence.

The democratic press of this State in their intense hatred of Ben Butler have, while denouncing him, abused poor little helpless Massachusetts because he wanted to be Governor. Now that Ben has failed to get the nomination and has withdrawn from the contest we look to see Massachusetts praised. We hope our State press will do this for the old Bay State may suffer if ignored by them, and that would be bad. We would suggest that Southerners who abuse Massachusetts and all within her borders, should refrain from patronizing her books, manufactories and other products. Don't abuse a people and then buy their wares.

M. Edmond About takes the place of the late M. Philarete Chasles as Paris correspondent of the London *Athenæum*.

— The frigate Constellation, with the naval cadets on board, arrived at Fortress Monroe Tuesday. She will remain a few days before proceeding to Annapolis.

— Com. Meade and other officers visited the President with an invitation to join them in celebrating the anniversary of the capture of the city of Mexico.

— Professor Marsh, of the Yale College exploring expedition, will remain at Salt Lake some days, and then go to Oregon. His explorations in Wyoming Territory have been exceedingly successful.

— Some excitement has been caused in Charleston on Tuesday by a band of negro strikers, who have visited the principal mills in the city, and by threats of violence forced the hands to strike for $2.50 per day. The employers declining to pay this rate, the mills have been closed, and nearly 2,000 laborers are out of employment.

— Among the projected monuments in the New York Central Park are those of William H. Seward, Daniel O'Connell, Elias Howe, jr., Robert Burns and Kosiusko. The means for the erection of the statues of Messrs. Seward and Howe have been secured, subscriptions are being received for those of McConnell and Burns, and a subscription is about to be started for that of Kosiusko.

— The annual meeting of the American Public Health Association will begin in New York on Thursday, November 11, rather than at Providence, R. I., during the present month, as was proposed at the last meeting at Cincinnati. The postponement is due to the continuance of cholera in the Southwest, which it is proposed to discuss at length after a further time for studying it has elapsed. The circulation has issued 23,000 copies of a tract on the sanitary methods to be taken to prevent the disease.

— Among the outside attractions of the circus exhibition upon the Belair lot, Baltimore, was advertised to be a balloon ascension. A large crowd was attracted to the spot to see the show. A covered trench had been prepared, and at the end a large fire was kindled, and at the other a huge iron affair was placed, connected by the trench with the fire, over which vessel the balloon was inflated. Between twelve and one o'clock the æronaut took his place in the basket of the balloon, which looked rather the worse for its summer tour, and, accompanied by the music by the brass band, the rope was cut and the balloon shot rapidly upward. After reaching a considerable height, it was observed that a large rent had been torn into the upper part of the canvas, and the balloon descended as rapidly as it had ascended. The æronaut jumped out upon the roof of a three-story house, No. 80 North Exeter street, and was uninjured, reaching terra firma by climbing in at an attic window and descending by the stairs. The balloon fell to the ground in a state of inglorious collapse in the front yard of the same dwelling, and was carted back to the starting point in a rather dilapidated condition.

— At 4 o'clock on Tuesday afternoon the Jersey City ferry boat New York was on her way from Courtlandt street to Jersey City heavily laden with freight and passengers. In the rear of the boat stood one of Adams' express wagons, loaded with trunks, valises, quarters of beef and other miscellaneous commodities. Two horses were attached to the vehicle, and as the boat approached the slip the animals, frightened by the backward movement of a team ahead, began to back furiously towards the stern of the boat. The wheels were caught for a time by the chains, but the horses continued to move with increased energy, and all of a sudden pushed the wagon into the river. The horses followed, and the excitement on board became intense. It appears that there was a very large coffin on the wagon, encasing a corpse, and, this becoming known, added to the excitement that prevailed. The entire load—trunks, wagon, coffin and all—floated down the stream and sunk. One of the struggling horses was saved; the other was drowned. It was one of the most remarkable occurrences witnessed in a long time, such accidents being very rare. The ferry authorities will now do

LUNATIC.—The mule thief Reeves, captured by Mr. Sneeden, proves to be an escaped lunatic from South Carolina. Sheriff Black received a dispatch to-day in relation to the matter, asking that he be held.

His Honor W. P. CANADAY, Mayor, presiding.

James Record, charged with selling liquor on Sunday last was fined $50 and costs. Appeal granted and was bound over for his appearance at the Superior Court in the sum of $150.

Bryant Hammons, charged with larceny, was bound over in the sum of $50 for his appearance at Court.

ENTERPRISE.—The Murray Hill Publishing Company, 129 East 28th street, have just made arrangements with the "Graphic Company" for a further fifteen hundred of that unique chromo, "Throw Physic to the Dogs," a copy of which they present to every purchaser of Dr. Foote's most popular book, *Plain Home Talk and Medical Common Sense.* Both chromo and volume seem to have touched the mirth and sympathy of the people. It is to the credit of the Doctor that he designed the picture which Bispham has so admirably painted. The Doctor is strongly "new school," and can afford to humorously illustrate on canvas the exclamation of Hamlet, "Throw Physic to the Dogs!"

[New York Daily Tribune.

FAIRBANKS received the Medal of Progress at the Vienna Exposition—the highest prize given any manufacturer of weighing machines. This is a compliment—and one well merited—but better than all prizes is the award of the entire weighing world, which considers Fairbanks' Scales the *Standard.* In spite of largely increased facilities for manufacturing (factories covering over ten acres), the Messrs. Fairbanks find that twelve hundred Scales weekly—sixty thousand yearly—do not meet the present demand.

Using the best materials—employing skilled and experienced help—giving personal attention to the manufacture of the Scales they invented—it is not surprising that they lead the world in the science of weighing.

TAX-PAYERS' MEETING.—A meeting was held last night at the Court House by the parties feeling aggrieved by the taxes, and Dr. Satchwell delivered a long address. We would publish it, but it appears in the *Journal* this morning, and would require about eight columns of the POST, and we cannot conveniently do so. We will make some extracts hereafter and some remarks in relation to the Doctor's array of figures. The meeting was kept up to a late hour and speeches made upon subjects entirely foreign to the matters at issue, to a decreasing crowd. The Doctor's speech was the principal attraction, and many were there to hear him. We will examine the array of figures and reply to them shortly. Such work cannot be done in a day. In the meantime, Mr. Rice will undoubtedly survive.

DRESS BALL.—Recently a dress ball was advertised to come off at White Sulphur Springs, when one of Wilmington's chivalrous young men, thinking that he needed some little relaxation from his business, started off in high glee for the Springs. The early morning train bore him off, and he was soon reveling in the joyous anticipations of a masked ball. Arriving at the White Sulphur, he donned the costume that had been selected with so much care and entered the ball-room, when to his utter astonishment he found that it was not a mask ball, as one would be led to believe from the tenor of the advertisement, but only a full evening dress ball. We can feel for any one who is caught in that way, as we "bit" similarly in our youthful days.

WILMINGTON CITY DIRCETORY.—Messrs. S. G. Hall and E. S. Warrock are making arrangements for publishing a full and complete Directory of the City. Instead of the "History of Wilmington from its commencement," it is the intention of the publishers to present a comprehensive and concise article on the commerce and business interests of the City; also, a description of the Churches, Schools, Public Buildings Hotels, Railroads and Steamboat lines, &c. &c.

This Directory will be issued by the Fair in November, will be printed in

There has not been a time when a correct Directory of the City was more needed than at present, and we have no doubt but that our business men will promptly embrace the opportunity of liberally patronizing a work which will tend so much to their interest. †

A NEW BOOK BY AUTHOR OF "EAST LYNNE."—Mrs. Henry Wood's new book, "The Master of Greylands," is in press and will be published in a few days by T. B. Peterson & Brothers, Philadelphia, from the author's manuscript and advanced proof-sheets, purchased by them from Mrs. Wood, and will be in uniform style with "Dene Hollow," "Bessy Rane," "Roland Yorke," "The Channings," "Within the Maze," and all the previous works by this favorite and popular author. For some months past a new serial, entitled "The Master of Greylands," has been published in *The Argosy*, a London magazine edited by Mrs. Wood. It will be completed for English readers in the December number; but, in consequence of a special arrangement with the authoress, who has supplied the Petersons' with her manuscript in advance, they will publish the whole story complete in one large octavo volume long before its publication in England. The plot is entirely original, and is said to be equal if not superior in interest to her other famous books. It will be issued in a large octavo volume, and sold by all booksellers at the low price of $1 75 in cloth, or $1 50 in paper cover; or copies will be sent by mail, to any place, post-paid, by the publishers, on receipt of the price.

HOMICIDE AT "TRAVELER'S REST."—Yesterday evening a few of the denizens of "Traveler's Rest," in Columbia Township, became involved in a free fight and during the melee Edward J. Walker was killed. The particulars, as near as we could get them, are these: The participants in the row were at a grocery store and pretty generally under the influence of liquor. The unfortunate man, Edward J. Walker, was rather quarrelsome while under the influence of the ardent, and had been quarreling with Frank J. Malpass, who struck him behind the ear with his fist. Walker fell down, but it was supposed that his fall was caused by the blow. After remaining on the ground for a short time his friends picked him up, when to their utter bewilderment they found that Walker had breathed his last. Upon examination it was found that his neck was broken.

Our informant did not ascertain the primary cause of the difficulty between the parties, but the general supposition is that they were both drunk. Walker was about twenty-five years old and leaves a wife and three or four children. It is very unfortunate for Malpass that he struck Walker, as it is supposed that he had no intention of injuring him in the slightest; but on the contrary, the deceased and himself are said to have been on very friendly terms with each other, and that there was not the least animosity existing between them.

The Grand Lodge of Good Templars of North Carolina met in Greensboro' on Tuesday.

The Raleighites have been warming their toes for a few days past around the newly kindled fires in their homes and offices.

Albert Magnin has been elected Treasurer of Wake county, (vice W. M. Brown, resigned) and his official bonds have been fixed at $92,000.

His Excellency, Governor T. R. Caldwell, has been invited to be present at the laying of the corner-stone of the new Capitol of Michigan, at Lansing, October 2d.

William Boyd and Martin Shuford, convicted of larceny at the last term of the Catawba Superior Court, have taken employment at the Penitentiary for three years each.

Raleigh has a classic precinct with the euphonious appellation of "Hell's Half Acre," which, judging from what the *Sentinel* says about it and its habitues, is a rival to Wilmington's "Paddy's Hollow."

The Raleigh *Sentinel* advises its readers to call a policeman if any one offers them watermelons for sale at this season of the year, on the ground that felonious designs are entertained on the lives of the would-be purchasers.

The *Sentinel* propounds as conundrums why *dead beats* always go to printing offices for assistance, and in view of its inability to answer its own questions, proposes to submit them to the next Press Association for a solution.

During the present Masonic year four new lodges have been established by Grand Master Nichols: One at Black Creek, Wilson county: one at Kernersville, Forsythe county; one at Fayetteville, and one at Bay River, Pamlico county.

The Raleigh *News* thinks it has good reason for saying that the Board of City Commissioners of that city will at their next meeting, on the last Wednesday in this month, exempt from city taxation, for a term of years, capital engaged in the manufacture of cotton and woolen goods.

THE POLARIS.

The following telegrams to the morning papers are of great interest,

U. S. S. JUNIATA, ST. JOHNS, N. F., September 10, 1873.

To the Hon. Geo. M. Robeson, Secretary of the Navy:

The Juniata arrived here to-day. She met the Tigress at Uppernairk and coaled her. She sailed August 11th for Littleton Island. The Tigress met the Juniata's steam launch with Lieut. DeLong off Tessuisak, who had been to Cape York on the launch and returned. At Disco she met the Tigress again and coaled her, August 25th, Commander Greer reports the camp of the Polaris, found August 14th off Littleton Island, lat. 78 degrees, and 23 minutes, north latitude 73 degrees 36 minutes west. The crew of the Polaris, all well, had gone South two months before in two whale boats made from the ship. The Polaris sank one month after. They kept a careful lookout going North and coming South but there was no signs. They stopped at all the settlements but no news of the crew of the Polaris. Probably they are on board a whaler from Cape York. The Tigress left Disco August 25th for Labrador coast to continue the search as long as coal and the season permits.

Signed, D. L. BRAINE, Commander U. S. N.

The above dispatch was received today, from Commander Braine, commanding the Juniata. Littleton Island referred to is about sixty miles north of Northumberland Island, where the rescued party from the Polaris are supposed to have left her. It is a little south of the life-boat depot of Dr. Kane in 1853. The probability is that the Tyson party were mistaken as to the locality of their separation from the Polaris, and that it was really Littleton. instead of Northumberland Island. It is hardly possible that after the separation the Polaris, in her disabled condition, succeeded in reaching a point sixty miles further north. It is understood that orders were sent by telegraph to Commander Braine to continue the search for the crew of the Polaris.

— The Mississippi State Grange assembled at Jackson on Tuesday. Upwards of three hundred granges in the State are represented, including about twenty lady delegates. Colonel C. E. Hooker will deliver the public address, by invitation of the grange, on the 12th instant.

— A mass meeting of colored citizens was held Tuesday at Cooper Institute to hear the views of the delegation of colored Senators from Louisiana with regard to the political grievances of that State. The meeting was mostly attended by colored people. Colonel Charles Spencer presided, and briefly addressed the meeting, explaining its object. General Chester, colored, then addressed the meeting. He reviewed the career of the Republican party since the days of slavery, and urged every colored man in the United States to espouse its doctrines. Republicanism was the salvation of the black man, and their freedom, even with its powerful aid, was gained through blood and massacre. Governor Warmoth, when he first ran for office, was an avowed Republican, but no sooner had he obtained the reins of government than he abandoned his party and coincided with the Democracy; and, by fraud of the most corrupt character, he caused the ballot-boxes at the last election to be stuffed, so that neither white nor black Republicans had a fair chance at the polls. His career was one of corruption, bribery and fraud. Several other speakers addressed the meeting in the same strain, after which resolutions were adopted condemning the conduct of Warmoth, sanctioning that of Kellogg, Judge Durella and President Grant, and calling on the colored race, North and South, to support the Grant administration.

The Rev. Dr. Moore, who was mistaken for a burglar and shot at recently at Greenwich, Conn., purposes to sue the persons who pursued and arrested him.

THE EVENING POST.

J. C. MANN,

EDITOR & PROPRIETOR.

Published every evening, except Sunday, at

Five Dollars per Annum.

The POST is designed to reach all classes of citizens, and its subscription price is therefore placed so low as to be within the reach of all. It contains the

LATEST NEWS,

up to the time of going to press,

TELEGRAPHIC,
BY MAIL,
COMMERCIAL
AND LOCAL.

It should be in the hands of every man who desires to know what has transpired during the day, and, as it aims to give

RELIABLE INTELLIGENCE,

its publisher hopes it will prove a welcome guest in many families.

THE POST,

is sprightly without being sensational, and it carefully excludes all objectionable incidents and reports calculated to offend the sensibilities of the most fastidious. As an

Advertising Medium

it claims to be first class. It has a good and constantly increasing circulation, and is read by almost every business man in the city. Politically the POST is

UNSWERVINGLY REPUBLICAN.

Its editor having been a consistent member of that party since 1855, through its vicisitudes and triumphs, he claims to speak advisedly when advocating its principles. He is not, however an "extremist," and accords to others what he claims for himself, the right of free thought and of free speech.

THE ADVERTISING RATES of the POST, like its subscription price, are at liberal and at living prices, as an examination of them will show, and it bespeaks a share of public patronage.

THE EVENING POST

is closely identified with the local welfare of the Cape Fear region, and the believers in progress, whether

EDUCATIONAL,
AGRICULTURAL,
MECHANICAL, or
COMMERCIAL,

will find an enthusiastic ally in THE POST.

THE POST

is opposed to monopolies, but in favor of internal improvements, and a firm believer in the patronage and support of home enterprises and institutions.

AS A FAMILY PAPER,

The TIMES will have no superior; it will be free from all appeals to vulgar and impure tastes, and may be safely admitted to every domestic circle.

AS A REPUBLICAN JOURNAL,

The TIMES will be devoted, as in the past, to an intelligent and firm support of the Republican Party. Its course in reference to the Tammany Ring, at a time when all the other daily papers in New York obstructed and discouraged its efforts, attests its sincerity in the cause of Reform. The TIMES stood alone in demanding Reform from 1869 to the close of 1871, and there is no sincere and honest proposal for Reform, in any branch of the Government, which will not be heartily supported by the TIMES. But it will not conspire in assisting ambitious politicians or demagogues to reach power under false pretenses. It will not encourage defection from the Republican Party, which is still the party of progress, security and national prosperity.

It will sustain, with all the force and influence at its command, the principles and policy which have rendered that party so justly famous in our history. It will advocate those measures by which the honor, the peace, and the prosperity of the nation can be best secured and promoted, and will constantly study the wants of the people rather than the wishes of the politicians.

THE NEW YORK SEMI-WEEKLY TIMES

Is published every Tuesday and Friday, and contains all the agricultural and literary matter of the Weekly edition, and a full and careful compilation of editorial and news features of the Daily.

Terms of the Semi-Weekly TIMES: One copy, one year. $3; two copies, one year, $5; ten copies, one year, $25—and one extra copy free.

Creswell P. O., Hartford county, Md., Feb. 6th, 1873. A. H. STRASBAUGH.

THE PLAINS, FAUQUIER CO., VA., Feb. 6th, 1873.

Mr. C. P. Knight—Sir: The Paint came safely to hand as ordered—two kegs, five gallons each, and three buckets, one gallon each. As practice was slack, I did the job myself. Two weeks, (not constant work,) completed the house two coats. The last coat I applied thick, and it is now generally conceded that for enamel-like hardness, and body, and harmony of colors, there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with Southern people. It should be generally adopted in this State. Any country lad can apply it. I have never dabbled in such stock as testimonials, but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people, in excellency of material, in beauty of color, and in the fact of its being "ready mixed" that I give you free permission, (if it is desirable to you,) to make what use you think proper of this letter.
Very respectfully and truly,
S. McGILL, M. D.

TO THE PUBLIC—It affords me much pleasure to state that in July, 1871, Front Street Theatre was painted inside and out with "Bradley's Patent Enamel Paint," for which C. P. Knight, No. 93 West Lombard Street, is agent, and, to testify to its superiority over any and all other paints for similar uses. In no private dwelling can paint possibly be subjected to the very severe test it undergoes at this establishment, where, during our daily cleaning, soap and soda are constantly applied to it, and yet it appears as sound and fresh as when put on. Of the numerous advantages it possesses over other paints, I will only mention its being mixed and ready for use in quantities to suit purchasers, its quickly drying properties, which saves much time in the execution of work were paint is needed, and its very perceptible tenacity, which imparts beauty and durability to the objects on which it is used. As such I most earnestly recommend it to the merchants and tradesmen of our city, believing it will give them greater satisfaction than they can possibly anticipate.
WM. E. SINN,
Front Street Theatre.

BALTIMORE, April 25, 1873.

CHAMBERSBURG, December 10th, 1872.

Mr. C. P. Knight—Dear Sir:—The paints we received from you have been applied to several of our own buildings and to those of our friends, and have given entire satisfaction in covering qualities, in gloss, and in adaptability to all kinds of surface of material and we cheerfully recommend it, especially to that class of consumers who have to depend upon unknown parties, or painters to mix and furnish materials, wherein we have found the most deception.
Yours, truly,
JACOB STOUFFER & SON.

FROM HON. JOHN WETHERED.

Mr. C. P. Knight:—At the recommendation of a friend, I was induced to apply your patent "Bradley's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, carries better gloss than ordinary paint, and is freer from disagreeable odor.
Yours, Respectfully,
JOHN WETHERED.

BALTIMORE, December 27th, 1871.

C. P. Knight, Esq., Agent for Bradley's Patent Enamel Paint—Dear Sir:—The paint we purchased from you we will cheefully endorse as the best of any kind we have ever used; its covering qualities is everything desired, drying promptly and with a hard gloss which must, we think, resist the action of all kinds of weather. This is our experience, and we can recommend it with certainty, and intend to use it on all occasions where we desire a goed job of work.
Very Respectfully, EMART & QUARTLEY, 270 W. Baltimore St.
House, Sign and Frescoe Painters.

PLEASANTVILLE, HARTFORD CO., MD.

Mr. C. P. Knight—Dear Sir:—I am very happy to inform you that your "Patent Enamel Paint" has given entire satisfaction. I prefer it to any paint I have ever seen used, and recommend it for durability and beauty as paramount to any other.
Very Respetfully,
R. DICKEY, M. D.

Harper's Magazine.

NOTICES OF THE PRESS.

The ever-increasing circulation of this excellent monthly, proves its continued adaptation to popular desires and needs.—Indeed, when we think into how many homes it penetrates every month, we must consider it as one of the educators as well as entertainers of the public mind, for its vast popularity has been won by no appeal to stupid prejudices or depraved tastes.—*Boston Globe.*

The character which this Magazine possesses for variety, enterprise, artistic wealth, and literary culture that has kept pace with, if it has not led the times, should cause its conductors to regard it with justifiable complacency. It also entitles them to a great claim upon the public gratitude. The Magazine has done good and not evil all the days of its life.—*Brooklyn Eagle.*
